

EXHIBIT 4

6

- ? - hiring freeze
- MVHS - Footprint (gym, lunch, parking, field space)
Cost to remove, etc
- grandfather in Runnymede / Tanuymon

Again, I want to thank the community for their involvement and input into this process. As I have said before, it is inspiring to see the dedication and devotion to our incredible school system. And I hope everyone continues to show their support so our funding sources understand the importance of education to our County. This has been a difficult process for everyone involved, myself included. I am sitting here because I wanted to help make positive changes for our students and school system. I believe ^{the} process is necessary first and foremost to improve our instructional program. That is done by eliminating empty seats so we can have ^{an} efficient ^{use of} ^{state} ^{schools throughout our County} ~~resources~~ and by providing competitive salaries for our educators. I fully support school closures. However, I have concerns about ^{this} ~~the~~ piecemeal approach to solving a comprehensive problem. Without seeing the entire plan for comprehensive school closures and redistricting, I am concerned that our hands become tied in addressing other facility concerns in the near future. It is for this reason that I am voting no to the Super. rec.
